What sets us apart

- 30+ years' experience in insurance sector, coupled with over a decade experience in financial services consulting and mutual funds research
- Tie ups with the eminent NBFCs, AMCs and insurance companies, resulting in a robust pie to choose from
- Clients across various industry sectors – public and private sectors, HNIs, trusts and retail individuals, and services all over India, Middle East, Singapore, and U.S.
- Live online support via phone and email, and in person discussions to ensure smooth transactions in both, digital and physical modes
- Well equipped technology platforms to execute digital transactions and monitor performance
- Our clients speak for us. We do not sell a product or a service, but we build trust.
